This document was produced for the Flood Hazard Reduction Services Section of the Water and Land Resources Division of the King County Department of Natural Resources and Parks. The following people, along with other supporting staff, are recognized for their review, insight, advice and suggestions during the preparation of this document.

Cyrilla Cook, King County Department of Natural Resources and Parks

Gino Lucchetti, King County Department of Natural Resources and Parks

Ruth Schaefer, King County Department of Natural Resources and Parks

For comments or questions contact:

Dave Clark, Manager

Flood Hazard Reduction Services Section

Water and Land Resources Division

Table of Contents	iii
List of Tables	v
List of Figures	vi
CHAPTER 1. INTRODUCTION	1
About This Report.....	1
King County Rivers.....	3
Defining the King County River Management Program.....	4
King County Flood Hazard Reduction Plan (1993)	4
FHRP Geographic Scope	12
Establishing FHRP Policies	12
Establishing FHRP Priorities	15
FHRP Maintenance Standards and Practice	16
FHRP Programmatic Elements	16
River Management Program Implementation	17
River Management Program Projects Implemented Since 1993	17
Obtaining ESA Coverage for the River Management Program	21
Analytical Approach	21
CHAPTER 2. AFFECTED FISHES	23
Fish Stocks of King County Rivers	23
King County Chinook Salmon Stocks	23
King County Coho Salmon Stocks	35
King County Bull Trout Stocks	42
CHAPTER 3. HABITAT EVALUATION	47
King County Rivers: Descriptions with Notes on Fish Utilization	47
Evaluation of Existing Habitat Conditions Using Federal Habitat	
Evaluation Guidelines	57
Summary	68
CHAPTER 4. HABITAT EVALUATION	71
Likely Effects of Programmatic Actions on Environmental Pathways and	
Indicators	72
CHAPTER 5. KEY FINDINGS	83
Key Findings	83
REFERENCES	85

Appendices

- A. King County Council Ordinance #11112 (11/15/93)
- B. King County Council Motion #9167 (11/15/93)
- C. Rivers Program: Programmatic Elements
- D. Proposed Desimone Levee Repair, Engineering Drawings
- E. Tri-County Model ESA Response Program: Regulation of Near-shore and Aquatic Development
- F. Matrix of Pathways and Indicators (NMFS 1996)

Folio Maps

- Folio Map 1-1 King County Showing Rivers Facilities
- Folio Map 4-1 South Fork Skykomish River and Major Tributaries: Chinook Cluster Spawning and Upper Extent of Salmonid Distribution
- Folio Map 4-2 Snoqualmie River: Chinook Cluster Spawning and Upper Extent of Salmonid Distribution
- Folio Map 4-3 Snoqualmie River: Chinook Cluster Spawning and Upper Extent of Salmonid Distribution
- Folio Map 4-4 Cedar River: Chinook Cluster Spawning and Upper Extent of Salmonid Distribution
- Folio Map 4-5 Green River Chinook Cluster Spawning and Upper Extent of Salmonid Distribution
- Folio Map 4-6 Green and White River: Chinook Cluster Spawning and Upper Extent of Salmonid Distribution
- Folio Map 4-7 White River: Chinook Cluster Spawning and Upper Extent of Salmonid Distribution
